MEMORANDUM FOR: Comptroller

VIA: Deputy Director for Administration

FROM:
Director of Communications

25X1

SUBJECT: FY86 New Communications Services

25X1

1. The purpose of this memorandum is to seek approval for transferring FY86 Directorate of Administration (DA) funds and positions to the Office of Communications (OC) to accommodate identified new communications requirements. For FY86, OC has identified \$145K and one position for New Communications Services for the DA which were included in the DA portion of the FY86 CIAP Congressional Budget Justification Book (CBJB). Members of my staff have been working closely with the Directorate Planning Officers to track the approval of programs requiring these services. It is requested that the DA transfer to OC the identified resources to support these services in early FY86. We have attached a copy of the original requirement statement, the OC prepared costing sheet and the DA prepared Communications Services New Requirements forms submitted to the Comptroller.

25X1

2. We realize this is a different method for handling resources associated with New Communications Services that are included in other Directorates' program and budget submissions. However, in order to ensure that those requirements are satisfied in a timely fashion, OC must have the resources to procure equipment and schedule the work to implement the new services. We look forward to working closely with the Comptroller and DA to ensure these requirements are satisfactorily met in FY86.
